Behind the scenes – Guided Tours for Clubs

Announcement

Dear Mercedes-Benz Club Members,

The Mercedes-Benz Classic Club Management once again grants you an exclusive insight into selected production facilities of Daimler AG.

We are glad to offer you tailor-made visitor programs which are not accessible to the public.

Starting this year our production Mercedes-Benz production plant in Bremen will offer an insight into another highlight. We are pleased to offer the so-called “Mercedes-Benz intense tours” exclusively for the official Mercedes-Benz clubs. You will visit the pressing plant, the bodysheet production, as well as the final assembly.

We also booked the very first of the newly designed “Lady Tours” in Bremen for you. This classy tour is for our female members only. During this special tour, which is led by a woman, selected departments such as Designo and Accessories will be visited besides the tour in the production plant.

We enhanced the established guided tour in our Sindelfingen plant with a visit in the “Center of Excellence” where the most exclusive cars of the brand Mercedes-Benz are handed over to their owners.

The following locations and dates can be chosen:
