

## Ponton Coupé / Convertible Register – Questionnaire

Please use one form for each vehicle. Make a copy for every additional vehicle! You can fill in all relevant information directly into the boxes in this form. Just place the cursor and type your data. For boxes that require just a "Yes", mark them by ticking. When finished, store this form and attach to an email to be sent or faxed to the address mentioned at the bottom of this form. We really appreciate your help completing the statistics of our enjoyable classic cars.

VIN- Number (Fahrgestellnummer):

Bodynumber (Aufbaunummer):

(You can find it either on the original Mercedes datacard or on a small plate when opening the driver side door on the forward side of the A-frame near the door hinges. If you don't have the datacard or the plate is missing, there is another place. Look for three hammered in numbers on the top and left side of the wall that separates the engine from the passenger compartment. If your car is undergoing restoration at the moment you'll find the numbers as well on all back sides of any wood and chrome parts, often added by a letter „A“ or „C“. If the numbers are not all the same they did not belong originally to your car and were exchanged in the past.

Engine-Number (Motornummer):

(Please take the original number. In case of an exchange engine add this number as well.)
